WRITERS Application Form

(Profile pic)

| Full name.... | Email Address – – |

| Country ∨ | postal Code |

| Highest Degree —.— | Upload cv |

Provide us any sample work which has been done by you - .-

where did you hear about us — ∨

☐ I have read and agree to the Terms of USE.

Submit Application

After submitting application a popup message will show like

"your application has been submitted and is being reveiwed by our Expert. you will be notified about the same within 5-7 working days."

In Admin panel:

Admin will have option to see forms submitted by users for becoming a writer on our platform and admin can "grant access" or "deny" the application from there.

How list should be in Admin panel:

Name	email	Country	Pin code	Highest degree	work sample	
1) A	B	C	D	E	F	GRANT Access / Deny
2) Ram	ram@	India	712802	P.hd	http	GRANT Access / Deny

like this

If admin give consent to grant access, then that writer will be shown the write an article page from where he/she can directly publish the article.

If admin deny the application, then that user can't apply for the next 3 months, and when they visit the write an article page, a message will show on his screen like:

unfortunately, now you are not eligible to become a medical content writer on our platform. you can apply for the same after 3 months.
Thank you.
